

Accessing Prentice Hall's online Instructor's Resource Center (IRC)

Easy instructions on how to access Prentice Hall's online Instructor's Resource Center (IRC), where you can download almost every supplement available with your PH text(s)-in-use.

1. Go to www.prenhall.com/hair and click on Instructor's Resource Center at the bottom of the page.
2. Scroll down the Instructor Resources page and you'll see supplement download links. (Look for the small disk icons.)
3. Click on any download link; you'll be taken to a login page.
 - a. If you have not registered for a PH OneKey or CourseCompass site before, scroll to the section on the login page titled "Other Users, Get Access to Instructor Resources" This will guide you through the IRC registration process. Once your status as an instructor has been validated (allow 24-48 hours) you'll receive an email confirming your username/password. You only need to register for this username/password once to access any PH instructor resource.
 - b. Note the 'Use Your Access Code to Register for Access' area on the registration page. If you received a printed 'CourseCompass: Instructor Quick Start Guide' (ISBN: 0-13-185005-9), it includes an access code allowing you to expedite the validation process. Using an access code, your username and password will be activated immediately.
